#### **CONFIGURING TIMESHEET SETUP**

Turn on Timesheet functionality in Kiosk

- 1. In District Configuration under Kiosk Functionality check the box for Employee Timesheet and apply changes.
- Nightly job will run to update Timesheet with appropriate Kiosk information.
- Apply Changes Select the Check Box(es) next to the KIOSK Function(s) that are to be available to your district users. Announcement Board Leave Requests Leave Export Leave Approval AWF Leave Analysis Parameters Pay Slips (USPS) Pay Slips (PDF) Performance Reviews Substitute Needed Individual Professional Development Plan (IPDP) ITC Individual Professional Development Plan (IPDP) Employee Time Sheet W-2 Wage and Tax Statements Apply Changes
- 1. After nightly job has run the district/organization will need to be made active in Timesheet.
  - 3. This is done by Kiosk/ITC Admin
  - 4. Click on Timesheet.
  - 5. Click on Maintain Organization.
  - 6. Click on pencil next to district name.

Drg	anization						
R		Go Act	ions C	reate			
	Organization	<u>ls</u> <u>Active?</u>	<u>ls</u> External Record?	<u>Kiosk</u> District IRN	<u>Kiosk</u> District Name	<u>Last Sync'd</u>	<u>Status</u>

2	Valley Local SD	No	Yes	49643	Valley Local Sd	-	-

7. Change status to Active.

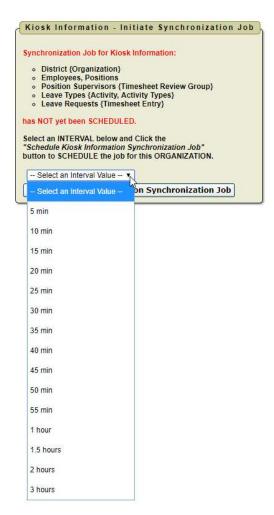

Additional configuration that needs to be complete with input from the district.

- A. The Timesheet module can be turned off by selecting Yes or No
- B. Affordable Care Act (ACA) Lookback Period allows you to select how many months you want to review in the past to track requirements of the ACA. The maximum number of months for the lookback period is 12.
- C. You can select which Position Types to include in the Timesheet process.
  - R Regular
  - S Supplemental
  - T Temporary
- D. You can select which Position Job Statues to include in the Timesheet process.
  - A Active
  - D Deleted
  - I Inactive
  - T Terminated
- E. Select which Position Appointment Type to include in the Timesheet process. Classified or Certified.
- F. Select which Position Pay Groups to include in the Timesheet process. This list will be generated based on the current pay groups a district uses.

and the second se	nation from the Kiosk to the	Timesheet.	

- G. Select which position, Daily or Hourly to include in the Timesheet process.
- H. Select Yes or No to include staff that have a concealed status.
- I. The configuration process will create a default shift type. This shift type can be created so you choose what you would like to do or it can be assigned and synced to all employees.
- J. Once you have completed the configuration you can synchronize the info with the Kiosk. It is recommended that this step be done at the end of the day.

After the first initial synchronization is done you will want to schedule Kiosk Information – Initiate Synchronization Job to run. The minimum time it can be set to run is every 5 minutes. This job updates position information but also updates Timesheets with the Kiosk leave request information.

#### CONFIGURING SCHEDULES

The next steps will need to be completed with your help by a district staff person that has the Leave Administrator role in the Kiosk.

## **Pay Period Schedule**

This step is setting up the pay period and not the time sheet schedule.

- 1. Click on Schedules
- 2. Click on Pay Period Schedule
- 3. Click Create
- A. Enter the name of the Pay Period for example you can enter Bi-Weekly Pay Period.
- B. Select that you want the status to be Running.
- C. Select Yes to have this pay period be the default.
   NOTE: You can only have one schedule set as the default. If you

create multiple schedules, only select one to be the default.

- D. Select the closing time for your pay period, for example 5:00 PM.
- E. Select how often you want reminders for when pay period is ending. You can leave these options blank to not send notifications.

Pay Period Schedule

- F. Select what to do if the pay period ending date falls on a holiday or weekend.
- G. Select if you pay period is Bi-Weekly, Monthly or Semi-Monthly. If you select Monthly or Semi-Monthly you will be prompted to select closing pay dates (dates paid).
- H. Select the date of when you want your pay period to start.
- I. Select your first month and last month to run a pay period schedule.
- J. Select the number of future pay periods that will be displayed in Timesheet.
- K. Select the closing day of the week for your pay period.
  - 4. Click apply changes

## **Timesheet Schedule**

This step is setting up the timesheet schedule.

- 1. Click on Schedules
- 2. Click on Timesheet Schedule
- 3. Click Create
- A. Enter the name of the Timesheet Period for example you can enter Bi-Weekly or Weekly.
- B. Select that you want the status to be Running.
- Select Yes to have this timesheet schedule to be the default.
   NOTE: You can only have one schedule set as the default. If you create multiple schedules, only select one to be the default.

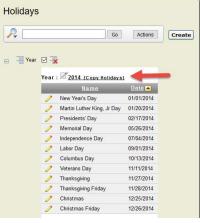

- D. Select the closing time for your Timesheets, for example 5:00 PM may be the time that they need to be completed by.
- E. Select how often you want reminders for when the timesheet is due. You can have the first reminder set so many day prior to the timesheet being due. If you leave these options blank no notifications will be sent.
- F. Select what to do if the timesheet ending date falls on a holiday or weekend.
- G. Select if your timesheet is Weekly, Bi-Weekly, Monthly or Semi-Monthly. If you select Monthly or Semi-Monthly you will be prompted to select closing pay dates (dates paid).
- H. Select the date of when you want your timesheet to start.
- I. Select your first month and last month to run a timesheet schedule.
- J. Select the number of future timesheets that will be displayed to the employee.
- K. Select the closing day of the week for your pay period.
- L. Select the pay period schedule that will coincide with this timesheet schedule. This setting is really only for display purposes to show how the pay period works with the timesheet schedule.
  - 4. Click apply changes

## **Holiday Schedule**

After you have the holiday schedule setup those holidays will display on the timesheet for the employee.

- 1. Click on Schedules
- 2. Click on Timesheet Schedule
- 3. Click Copy Holidays

- 4. Use the Calendar Icon to enter the correct date for the holiday.
- 5. When finished click Copy Holiday Records from 20XX to 20XX.

#### **CONFIGURING POSITIONS AND ACTIVITIES**

## Positions

Employees and positions are pulled from Kiosk. For staff to be seen within Timesheet they must be registered in Kiosk and have an active JOB within USPS.

It is important to cleanup positions first before creating shifts

 Review each position and Identify jobs that should be deleted Note: If you are not seeing all positions, uncheck the Timesheet Required = "Yes" filter.

NOTE: When making changes to positions you will also need to make those same changes under Employee > Employee Positions> Maintain All Employee Positions. The questions that appear in both places are - Is this a Part Time Position, Is this a Substitute Position, Is Timesheet Completion Required, and Is Timesheet Completion Automated need.

3/23/2018

# Activity Types

The activity type is used as a category. For example you could have an activity type of Weekend Events or After School Events. After an Activity Type is created the next step is to create activities that would fall under the Activity Types.

Default Activity Types are already created for Kiosk Exceptions and Regular leave and for Kiosk Leave Types.

You can create additional Activity Types.

- 1. To create an Activity Type click on Position and Activity
- 2. Click on Activity Types
- 3. Click Create

Acti	vi <mark>ty</mark> Types		
R		Go Actions Create	
	Activity Type	Description	<u>ls</u> External Record?
1	After School Event	After school hours event	No
1	KIOSK Activity Type	This Activity Type is used to create Default Activities for an External Source ( Regular, Exception )	Yes
1	KIOSK Leave Type	These ACTIVITIES are imported from External Source (Kiosk Leave Requests)	Yes
			1 - 3

- 4. Enter the name of the Activity Type
- 5. Enter a description
- 6. Click Create

		Return
Activity Type	Weekend Events	
	Events that happen on weekend	
Description		
	29 of 200	- A

If you need to edit an Activity Type click on the pencil.

# Activities

Activities are actual events that the employee could enter on a timesheet as exceptions. Examples of activities could be Field Trip, Clean Up for Sporting Event, Driving for Sporting Event and etc...

When an activity is created it can be put under specific Activity Types.

. .. ...

To create an activity.

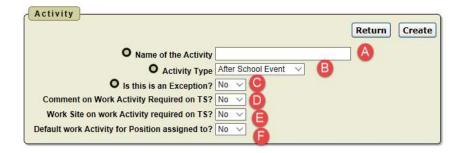

- Click on Position and Activity
- 2. Click on Activities
- 3. Click Create

#### **CONFIGURING SHIFTS**

When creating shifts it is important to create a shift based on a time and not a position. For example. You cannot have 2 shifts for the same time so even though you may have a custodian and secretary that both work 7:30-3:30 you would not create 2 shifts you would have one shift for this time and assign positions to this shift.

To create shifts:

	Home	
1. Click on Shifts	My Timesheets	
2. Click on Create	Timesheets Admin	
	Approval 🗸 🗸	1
	Payroll Export	
	Employee 🗸 🔻	
Shifts	Position and Activity	
	Shifts	
Go Actions Create	Schedules 🗸 🗸

<u>Name Start End Lunch Hours Shift Is</u> <u>Time Time Time Workday</u> Span Default? Shift Name		ositions ssigned
Default Shift 08:00 AM 05:00 PM 1 8 9 Yes Default Shift (08:00 AM	- 05:00 PM) - 1.00 Hour Lunch	5
		1 - 1

- A. Enter the name of the shift
- B. Click on the drop down to select the start time for the shift
- C. Click on the drop down to select the end time for the shift
- Shift Return Create Name Shift Start Time Flexible Lunch Time 0 Hours in Workday Is Default? No F
- D. Enter a value for the lunch time. For example 1 would equal 1 hour and .5 would equal a half hour.
- E. Hours in the work day will automatically be calculated based on the start time, end time and lunch time.
- F. Click the drop down to select if this is the default for this position. You will have the opportunity to assign shifts to positions.
- 3. Click Create
- 4. Click on the positions/employees from the available list to assign to this shift
- 5. Once they are highlighted click the right arrow to move them to the Assigned list.
- 6. Click Assign Employee Positions.
- 7. Once the positions/employees have been assigned click Return.

If you need to edit a shift click on the pencil.

#### **CONFIGURING EMPLOYEES**

# **Employee - Shifts**

In Timesheet you can quickly view shifts and which employees are assigned to those shifts.

- 1. Click on Employee
- 2. Click on Employee Shifts
- 3. Click on Maintain Employee Shifts
- 4. Shifts will be displayed and which employee is assigned to that shift.

#### **CONFIGURING APPROVALS**

## **Timesheet Automated Work Flow Definition**

Timesheet gives you the ability to set up approval work flows for timesheet approval.

#### **Creating the Work Group**

- 1. Click on Approval
- 2. Click on Automated Work Flow Definition
- 3. Click on the Create New Approval Group
- 4. Enter a group name
- 5. Select if the Group Type is an And or Or

If you select AND that means if you put more than one person in this work group as an approver, Timesheet will require that both approvers take action on the request.

If you select OR as the type and you have more than one approver for the work group either approver can take action on the request.

- 6. Click Create Group
- 7. Click Add AWF Group Members

Organization 25 - Madison Local SD	
O Group Name Custodians

Automated Work Flow Definitio	n
Position and Activity	
Shifts	
Schedules 🗸 🗸	
Organization	

8. A list of staff will be displayed. You can select the employee name that will be added to this group.

If you select Supervisor for the group member, Timesheet will look at the Supervisor field that was loaded into Timesheet from USPS. So the timesheet will go to the supervisor listed.

	Return/Cancel	Add Member to Grou

	Supervisor	
	Manager	
	Payroll	
	######################################	
	Adams, James - 1	
	Addington, Heather -	
	Adkins, Tiffany -	
		~

If you select Manager for the group

member it will include any User within the District that is assigned to the "Leave Administrator" Role within Kiosk.

- 9. Once you have selected the employee or supervisor, you will need to assign why type of member they are.
  - No

This means the staff person is not an approver but is allowed to view the timesheet.

 No & Notify This means that the staff person is not an approver but will be sent email notification when a timesheet needs approval.

		Return/Cancel	Add Member to Grou
O Group Member	Supervisor	×	*
O Is this Group Member a Group?	No		
Is this Group Member an Approver?	Select Va *		
	٩,		
	No		
	No & Notify		
	Yes		

• Yes

This means that the staff person is an approver and will be sent email notification when a timesheet is waiting for approval.

You must have a least one approver in the group before you can create a work group.

- 10. Click Add Member to Group
- 11. You can add additional group members by clicking on Add AWF Group Members and following the steps above.
- 12. Once you have all your group members added click on Return to Automated Approval Work Flows.
- 13. You will see your new group in the list of work groups.

	View Hierarchy	GROUP_NAME	GROUP_TYPE	MEMBERS
R		Tutors	OR	1
R		Custodians	OR	1

#### **Creating the Work Flow**

1. Once you have all your work groups created you can now create a New Flow.

												Create New Auto	mated Approval Work F	low Definitio

Any leave requests that have been entered into Kiosk will flow over to the timesheet. Any holidays that have been created on the Holiday Schedule will display on the timesheet also.

If you have selected for the timesheet to be auto completed the data will be already completed for the employee.

If the employee needs to enter additional timesheet data or the employee needs to enter data because the timesheet is not auto completed, the employee will click on New Entry.

- A. The employee will pick the activity based on the activities that were created by the Timesheet Administrator
- B. The default shift will display for the employee
- C. Click the calendar to select the date for time worked
- D. When you click in the start time box you will be prompted to select the time and click done.
- E. When you click in the end time box you will be prompted to select the time and click done.
- F. Click the drop down to select Yes or No if lunch is included.
- G. Enter the Work Site. This can be customized as to whether or not the employee has to enter the site.
- H. Enter the Zip. This can be customized as to whether or not the employee has to enter the site.
- I. Employee can enter comments.
- Click Create when entry is completed. The new entry will display on the time sheet.
- Once the entries are complete and the timesheet is ready to submit for approval the employee will click on Submit Timesheet – Step 1

#### **TIMESHEET APPROVAL**

The approver will be notified via email that timesheets are waiting approval.

1. Click on drop down arrow next to approval and click Timesheet Approval.

At a quick glance the approver can see the timesheet start and end date, regular and overtime hours.

- 2. The approver has the option to view details of the timesheet by clicking on the Details button.
- 3. The approver can click Approve, Decline, or Re-open.
- 4. Re-open will allow the supervisor to send the timesheet back to the employee for editing. The employee can make changes and submit the timesheet again for approval.

Timesheets can be mass approved by the supervisor as long as there are no overtime hours on the timesheet. If overtime hours do exist on the timesheet the supervisor will need to click on Details to approve the timesheet.

Clicking on the box next to the employee's timesheet will allow supervisor to mass approve timesheets. Once the box has been checked the approver needs to click on Approve All to complete the approval process.
